Parking payment terms:

After pressing the button on the automated parking entering gate, the user collects parking ticket containing the date and starting time of parking service. Before leaving Rijeka airport, the user must insert the parking ticket into the automated pay station. After the payment is done, the user gets the ticket back which needs to be inserted in the automated parking exit gate with bar code upward. That will enable the opening of parking gate after which user can leave the parking area.

Payment options:

- cash (Croatian kunas) at the automated pay station
- credit and debit cards (excluding Diners Club card) at the Information counter

After 8:00 PM payment is done at the automated pay station only, located at the main entrance of the airport building.

Parking services are charged according to the current price list on the day of exit.

User has 10 minutes to leave the airport car park after the payment is done.

Invoice for companies (R1) is issued on request at the Information counter.

Rijeka Airport Ltd. is not responsible for the vehicles and items in vehicles.

The book of complaints is at the parking charges counter.
